## TSUD DEDICATION CEREMONY: A DAY TO REMEMBER

As the years pass and Troy State University at Dothan expands its programs, services, and facilities, people will reflect on the significance of Sunday, September 16, 1990, as a very important day in the history of TSUD. It was on this day that a crowd of approximately 500 witnessed the official dedication of the first two buildings on the new TSUD campus.

Many special guests and dignitaries were on hand to participate in this momentous occasion, including Dr. Ralph W. Adams and Mr. Wallace D. Malone, Jr., for whom the buildings were named. Dr. Thomas Harrison, TSUD President, presided over the ceremony, which featured remarks from Ms. Anne Laura Parker; Mr. Hayne Hollis of the Dothan Area Chamber of Commerce; Dr. Jack Hawkins, Jr., Chancellor of the TSU System; Mr. Pierce Flatt, Chairman of the TSUD Advisory Council; and Mayor Alfred Saliba, who delivered a proclamation recognizing Sunday, September 16, 1990, as "Troy State University at Dothan Day." The TSUD Community Band, directed by Mr. Tony Whetstone, entertained the public prior to the dedication ceremony and performed the National Anthem during the program.

Immediately following the dedication ceremony, guests were invited to attend a reception and to tour the facilities.

## PRESIDENT HARRISON ADDRESSES FALL QUARTER FACULTY/STAFF MEETING

The 1990 Fall Quarter Faculty/Staff meeting began with a welcome and brief comments from Dr. Harrison concerning the smooth transition during the summer quarter, despite the frustrations brought on by outside sources. Dr. Harrison then turned the program over to Dr. Grimmer.

Dr. Grimmer welcomed everyone back for fall quarter and asked each dean to introduce their new personnel. Dr. Larry Brown introduced Ms. Nancy Nall, secretary for the College of Arts and Sciences. Mr. Buchanan introduced Dr. Robert Moore, Jr. and Ms. Sharon Corey, new faculty members for the School of Business. Dr. Sublette briefed the faculty and staff on university and system-wide committee development over the past months. The Wallace College/TSUD agreement has brought about the formation of two committees. These are the Articulation Task Force and the Reciprocal Use of Resources Committee. System-wide committees include the TSU System Advancement Council and the System Task Force on Satellite Communication.

Dr. Sublette also reported that preregistration enrollment was at 994, 4% higher than a year ago.

Dr. Deavers made comments concerning the buildings and grounds. He thanked everyone for being conscientious in their clean-up efforts since moving in June. President Harrison closed the 1990 Fall Quarter meeting by reviewing the program for the Dedication Ceremony. These funds will be used to enhance the library, to develop two microcomputer laboratories, to enhance program development in the upper division courses, and to add furnishings to the new facilities.

#### **FACULTY PROFESSIONAL DEVELOPMENT: A HUGE SUCCESS**

As a result of the Reciprocal Use of Resources Committee and a grand effort by Dr. William Borders, TSUD and Wallace College faculty met together in the Multipurpose Room in Malone Hall for a joint faculty professional development session. Faculty members from both in-
